

The International Super Veterans Tournament is taking place again at HC TILBURG, with participants coming from Australia, Belgium, Germany, England, Italy, Scotland and the Netherlands.

During the weekend of June 23 – 24 – 25 , 2017 the I.S.V.T. organization committee stages this international hockey event for the second time. After the first successful tournament in 2016, this year again a great number of teams will be coming together at the fantastic hockey centre of HC TILBURG.

The participating teams will compete in various age categories Women and Men (Women Over 55, Men Over 60 and Over 68). Their main goal will obviously be to win the Cups, but sportsmanship and sociability are ranked sky high.

Dutch Over 55 Women and Over 60 Men players and teams are organised in the Netherlands through the NHC “De Zestigplussers”. In many other countries all over the world Grand Masters are active on an international level within the WGMA and FIH. Masters and Grand Masters hockey is now played all over the World. The organization is determined to repeat and even improve last year’s tremendous success and is doing everything within its power to please all guests, giving everybody an unforgettable weekend.

Obviously a great number of family members and supporters will accompany and encourage their teams, feasting themselves on the bits and bites the GASTVRIJ TILBURG has to offer. Those who want to enrich themselves on the culture of Tilburg may like to visit the Museum De Pont for Modern Art, the Textile Museum or the Natural History Museum. They all have an international reputation.

Others may prefer shopping. There is the well-known HEUVEL area. ‘Keigezellig’, as they say in Tilburg!

Bernard Verbunt PR and Liaison Officer.
