

ISVT 2024 review

The 7th ISVT 2024 is history! Again a hockey event of sportsmanship, friendship and not to forget of party animals.

With no less than:

49 teams, 7 poules, 750 players, 307 goals and 47 umpires.

174 matches within 3 days, played at 7 pitches.

550 dining dancers on Saturday at the Kingsday Orange Dinner dance.

For the first time a French Men's Masters Team "Les Blues" took part and they won the Men Over 60 poule.

To celebrate Kings Day on 27th April 750 cupcakes were made by one of the umpires!

Final Standings can be found in the following link:

During the Prize giving ceremony the **ISVT Cup 2024** was awarded to the French Can Can Ladies. During the dinner dance on Saturday these ladies made an effort to change the clubhouse into the Moulin Rouge whilst performing the Can Can. The audience was hilarious and the ladies promised to exercise more this year to have an even more perfect performance next year! Watch their performance in our aftermovies on our website. And special attention to the man who was model for the cover of our Tournament guide:

John Housham (LX England) pin-up of ISVT 2024!

Unfortunately we had to miss this year our flamboyant President of the WGMA, John Willmott, at the ceremony. A special moment in the Prize giving ceremony was the presentation of the ISVT Challenge Cup to our co-founder, oldest and most charming committee member Bernard Verbunt. The committee decided to rename the Cup into “Bernard Verbunt Challenge Cup” in appreciation to his friendship and sportsmanship.

Fortunately, we still have the photos and videos to enjoy, a few photos below this post, more photos can be admired soon at www.isvt.eu. And aftermovies will be shown there.

Next year, during the weekend of King's Day, we will do it all over again and you will all be there again. As it looks now, ISVT 2025 will be held on **April 25, 26 & 27, 2025.**

Please watch our aftermovies which give a better impression than words of our ISVT tournament spirit.

See you all next year !!!
